## video Surveillance Policy

Safety and security of our children, visitors, and staff remains our highest concern at Little Blessings. To further this high priority, Little Blessings uses 24-hour video surveillance with audio. Security cameras are appropriately positioned in all classrooms, common areas, outdoor play areas, and parking lots to protect our children and staff against harm.

Because we respect the privacy of our children, families, and staff, video surveillance will be reserved for viewing purposes only, and only Directors and Assistant Directors shall have access to live surveillance. Parents or other representatives of our families will not have access to surveillance records unless an emergent situation arises requiring viewing of past video, in which case a request may be submitted to home office describing the emergency. When a request is submitted, only home office staff will have access for viewing the requested footage and will notify parents of their findings pertaining to the situation in question.

Video surveillance will only be released to city, state, or federal agencies who provide identification and the proper documentation for the footage being requested.

We appreciate your understanding and cooperation as we strive to provide a safe environment and protect the privacy of the children and families we serve.

By signing below, I, \_\_\_\_\_, am acknowledging acceptance of the Video Surveillance Policy.
